

R&K Certified Roofing of Florida, Inc

A lot of you have asked if we plan on making any changes due to concerns from COVID-19.

For now, we plan to follow the directives of the CDC as it pertains to keeping our group meetings at 10 people or less, reducing physical contact where possible and being mindful of thoroughly washing our hands and avoiding touching our eyes, nose, and mouth.

We are anticipating more announcements from the Governor that may affect us on a weekly basis and we will have updates for everyone at that time.

In the time being we prioritize keeping our customer families safe; we easily can do all transactions digitally via email, text, phone and Face time, Google Hangout, or Zoom. Our customers can have a beautifully and professionally mastered roof while we all are following social distancing protocols. We can get it done for you. Let our family take care of your family.

Stay safe and don't horde toilet paper.
